FLEET & BUSINESS

FCA
FIAT CHRYSLER AUTOMOBILES

**FLEET
& BUSINESS**

FCA Fleet & Business is the division that responds to all business customer needs, including self-employees, small and medium enterprises and large companies. Through our partners, we provide our business customers with dedicated financial products for leasing, contract hire or purchasing, and tailored after-sales services, such as scheduled service plans and warranty extensions.

<https://www.fiat.it/leasing>

LEASYS
CARE, THEN CARS

Leasys offers rental and mobility services for individuals, professionals and companies of all size and public administrations: from short-and-medium term rental, long term to car sharing, and from subscription to fleet management, up to the online sale of used end-of-lease cars. Leasys is an all-round mobility operator offering flexible and digital solutions.

For those who wish to drive Fiat 500X and enjoy the experience without thinking at the car management it is possible to rent 550X with Leasys Miles, the pay-per-use offer. Thanks to this innovative formula, Leasys responds to the needs of those who use the car mainly around the city and have a low annual mileage. Leasys Miles has a duration of 48 months, has no down payment and it is characterized by an advantageous monthly fee, to which is added a variable fee calculated on the basis of the kilometers actually travelled. The first 1,000 kms are already included in the fee. It is also possible to enrich the basic rental with additional assistance services and insurance coverages to enjoy the car and its use truly with no worries. To more details, consults www.leasys.com

FINANCE PACKAGES AND INSURANCE SERVICES

FCA Bank is the digital bank dedicated to motorists specialized in the car financing. Whether you are a private customer, professionals or run your own business, FCA BANK offers you the best and most flexible financial solutions to facilitate your purchase of Fiat 500X so that you can drive it away. With FCA Bank, you can combine your finance with high value-added insurance services tailored to meet your requirements: fire and theft, collision and fully comprehensive insurance, extended warranty, and windscreen or vehicle security marking. For full details visit www.fcabankgroup.com

Uconnect
SERVICES

500X is equipped with a complete range of Connected Services, both on board and outside, including a new smartphone app. With the FIAT app you will be able to manage 500X from anywhere and whenever you want. Discover all the features, download FIAT Mobile App and enjoy!

Using My Uconnect.fiat web portal you will always be updated on your activated Uconnect™ Services and you can purchase and manage optional packages and renewals.

Moreover, Uconnect™ Box enables a set of additional services, also specific for Fleet and Large Account, and gives the opportunity to access insurance benefits of the latest Pay-As-You-Drive and Pay-How-You-Drive car insurance policies.

MOPAR

Explore new horizons. With the **Fiat 500X Sport**, comfort becomes appealing too. And when you feel at ease, every journey becomes a pleasure. Exceptional grip and optimal handling on the street. An improved safety and a maximum fun to drive with a sporty look.

LIFE IS BETTER CONNECTED.

The Fiat 500X has bags of style and technology too. Boost your connectivity with the **Uconnect™ 7" HD LIVE touchscreen with "tablet effect"** and **HD display**: offering a wide range of functions, from **Uconnect™ LIVE** services offered as standard, with a hands-free system, Bluetooth® technology, and voice recognition. Available with Apple CarPlay integration and Android Auto™ compatibility, the system has a user-friendly interface that allows you to manage maps, music, contacts, and more. All safely within reach while you drive.

UCONNECT™ 7"HD DAB

The 7" Uconnect™ System, with Apple CarPlay and Android Auto™ integration, is equipped with a 7" high resolution touchscreen display with capacitive technology.

UCONNECT™ 7" HD NAV DAB

The Uconnect™ 7" HD Nav system is equipped with TomTom and DAB function (Digital Audio Broadcasting). It is available for Apple CarPlay integration and Android Auto™ compatibility.

UCONNECT™ RADIO DAB

Uconnect™ Radio with Bluetooth®, Aux and USB is the gateway to the Uconnect™ world. It is fully integrated in the dashboard of the car and provided with controls on the steering wheel. The Bluetooth® (Hands-free profile) interface allows you to make and receive calls, to listen to and send text messages and to play music all on your mobile phone.

BEATS AUDIO HI-FI SYSTEM

On board the Fiat 500X it's easy to enhance your mood and enjoy your favourite music wherever you're going with the Beats Audio Hi-Fi system. Thanks to its 9 speakers and amplifier with more than 500 watts of power, it offers clean and high-fidelity audio response at any volume.

To enjoy Apple CarPlay* connect your iPhone to the specific USB port in your car.

* Apple CarPlay is a trademark of Apple Inc. Use of the Apple CarPlay logo means that a vehicle user interface meets Apple performance standards. Apple is not responsible for the operation of this vehicle or its compliance with safety and regulatory standards. Please note that the use of this product with iPhone, iPod, or iPad may affect wireless performance.

To use Android Auto™* on your phone screen, you'll need an Android phone running 5.0 (Lollipop) or higher and the Android Auto™.

ALL ROADS LEAD TO EXCITEMENT.

With the Fiat 500X you're always on the best road. Thanks to a range of hi-tech engines which offer lower consumption, better performance, higher acceleration and best in class driving comfort. Discover a family of petrol turbo engines able to reduce fuel consumption while increasing driving pleasure, thanks to low-end-torque. From the new FireFly Turbo 1.0 dedicated to urban use, with an instant torque for high responsiveness, an enjoyable feeling of acceleration and acoustic comfort; to the FireFly Turbo 1.3 with 6 speed automatic Dual Clutch Transmission, dedicated to those seeking high performance. Also available in the range is the efficient MultiJet diesel engine family, which is now cleaner thanks to the adoption of an SCR integrated in the DPF and includes both 1.3 95 HP and 1.6 130 HP, with manual transmission.

- 1.6 MJET 130HP E6D FINAL

E N G I N E S A N D S A F E T Y

SAFETY

The Fiat 500X is equipped with innovative safety systems, so you are prepared to take on every road.

TRAFFIC SIGN RECOGNITION AND SPEED ADVISOR

The system detects and recognizes traffic signs and displays them on the TFT cluster. With speed limiter active it's also possible to limit the car's speed to the maximum allowed level read by the Traffic Sign Recognition system.

AUTONOMOUS EMERGENCY BRAKE

The system detects the speed of the vehicle in front in relation to the Fiat 500X and will advise the driver if they are approaching too fast and therefore there is a risk of collision. Should the driver not intervene, the system automatically activates braking to avoid the impact or mitigate its effects. The brake control operates down to 7km/h and provides audible and visible warnings.

REAR VIEW CAMERA

The rear camera helps to park the car and to manage difficult operations. The image is projected with dynamic grid lines and a center line graphic that adjusts guide paths as the steering wheel is turned.

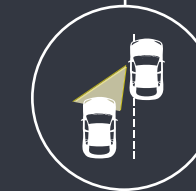

LANE ASSIST

Utilizes a camera-based machine vision sensor to detect and measure the position of the vehicle within lane boundaries. During an unintentional lane drift with no turn signal applied, the system will provide a visual indication on the instrument panel accompanied by greater resistance of the steering in order to bring the car back into lane limits.

SAFETY DISTANCE MANAGER (ACC)

Using a radar sensor, the system detects vehicles in its path and maintains the vehicle at a set speed. It operates from 30-km/h. If slower traffic is detected, the system will automatically adjust to a safe distance, pre-selected by the driver.

BLIND SPOT ALERT

It continually monitors the presence of vehicles in 'blind spots' and advises the driver through a light signal on the door mirrors.

ADAPTIVE HIGH-BEAM

Makes nighttime driving safer by providing the maximum amount of light possible for any driving scenario. This system switches headlamps from high to low-beam when incoming headlamps or forward lighting elements are sensed and back again from low- to high-beam when those conditions expire.

REAR CROSS PATH DETECTION

Helps to monitor vehicles and objects in blind areas whilst the Fiat 500X is in reverse gear. If a vehicle is approaching from the side, it provides feedback to the driver via audible chimes and a light signal on the door mirror.

FRONT AND REAR PARKING SENSOR

The front and rear parking sensor's acoustic signal warns you when you're approaching a hidden obstacle during parking and reversing manoeuvres.

WHEN YOU FIND THE RIGHT ONE, YOU KNOW.

Whatever your style, get ready to leave your mark wherever you go. With so many customization options it's easy to get noticed.

THE NEW D-FENCE PACK

THE BEST JOURNEYS
START WITH SAFETY.

The **new D-Fence Pack** is here to protect your journeys. Available as optional, this innovative system of products allows you to sanitize the cabin and the passenger's atmosphere.

The **Prime Cabin Filters** neutralizes allergens and prevents moulds and bacteria from penetrating into the vehicle.

The **UV-C Cleaner** irradiates the interior surfaces of a vehicle with a UV light that kills the bacteria on those surfaces.

The **Air Purifier** is a portable device that removes up to 98% of airborne bacteria, toxic gases, but also cigarette smoke and dust.

The CO₂ emission and fuel consumption values are defined based on official tests, in conformity with the provisions of the EU Regulations in force at the time of homologation. In particular, the indicated values are calculated based on the WLTP test procedure. The CO₂ and consumption values are only indicated for the purpose of comparing the vehicle data. The CO₂ and consumption homologation values may not be representative of the effective CO₂ and consumption values, which depend on many factors related, for example, to weather and road conditions and to vehicle condition, use and equipment. The CO₂ and consumption values specified in this document refer to the versions of the vehicle with the highest and lowest values. These values may change depending on the selected equipment and/or tyre dimensions. The indicated CO₂ and consumption values are not definitive and may evolve if the production cycle is modified. In any case, the official CO₂ and consumption values of the purchased vehicle will be provided with its accompanying documents. If the CO₂ and consumption values affect the calculation of the vehicle duties and taxes, refer to the applicable standards in force.
