Call Fiat's Customer Service team from all major European countries* for: **ROADSIDE ASSISTANCE**, active 24 hours a day, 365 days a year for towing and roadside recovery.

INFORMATION and assistance on models, services and the sales and assistance network and to find solutions to your problems.

* Check whether your call will be free by contacting your network operator.

SERVICE CONTRACTS

MOPAR® VEHICLE PROTECTION offers a wide range of service contracts, approved by Fiat, which are designed and tailor-made to take care of your car. With MOPAR® VEHICLE PROTECTION you have the guarantee that all repair and maintenance operations are carried out by highly qualified and specialised technicians at Fiat authorised dealers and repair shops, and that only original spare parts are used. Our service plans include a complete range of options in terms of duration and mileage, created to best meet your requirements. Mopar has formulated the essential contracts to keep your new Tipo 5Door in peak condition at all times.

FLEET & BUSINESS

FCA Fleet & Business is the Fiat Chrysler Automobiles programme designed to meet the mobility needs of business customers – from sole traders to SMEs and big corporations.

Through our partners, we provide our business customers with dedicated financial products for purchasing or leasing, and tailored after-sales services, such as scheduled servicing plans and warranty extensions.

FINANCING SERVICES – FCA BANK

When you buy your new car, we think you should have a choice of payment options. With FCA BANK you can choose the payment method that best suits your needs from a wide range of attractive solutions.

Instalments: allows you to spread the payment of all or part of your new Fiat over a period ranging from 12 to 72 months, or part of the purchase cost of a used vehicle for a period ranging from 12 to 60 months.

FiatPiù: with FiatPiù you get a new Fiat on your drive, but you only pay for what you actually use. At the end of the plan, you are free to choose between three options: you can replace your vehicle and buy a new one, you can keep your vehicle and pay the last remaining instalment or you can return it after only paying for what you actually used.

Leasing: an alternative to financing, this solution offers you the option of using your car without tying up your capital. You have a choice of contract term (from 24 to 60 months) and down payment, plus a flexible final redemption value. It is ideal for professionals, sales agents and business owners, owing to the economic and tax benefits of this financial product.

FCA BANK, in addition to financing plans, this offers a **wide range of services** designed to protect you from the unexpected: indelible marking on key vehicle components as a maximum deterrent against theft, the special Fire&Theft, Collision (protection against collisions with other vehicles), Kasko (fully comprehensive insurance) and Prestito Protetto protected loan (e.g. instalment repayment if you lose your job) policies and three types of StradaFacendo Warranty with different coverage for keeping your car in shape.

For more information: **Contact Centre 199.818.203 (Monday to Friday, 9 a.m. to 5 p.m.)** - www.fcabank.it - Find out more from any participating Fiat Group Dealership.

**YOU DON'T NEED A RED CARPET
TO SHOW YOU'VE GOT STYLE.**

With the strong character and dynamic personality of the new Tipo 5Door, you can channel all your energy into going places. And you'll love its winning combination of style, content and habitability, all in a compact footprint.

The new Tipo 5Door brings you unrivalled levels of comfort and habitability. You have a choice of fabric or techno-leather upholstery, with comfortable, supportive seats in the same colour as the door cards. What's more, you'll find countless clever solutions for optimising the use of space: like the huge range of handy storage compartments, with total capacity of 12 litres, for storing everything you need on the road.

Space: you can't get enough of it; especially when you're going away or tackling a busy day. That's why the new Tipo 5Door has a class-leading load capacity of 440 litres - enough to take even the bulkiest belongings.

TIPO 5DOOR

YOU DON'T NEED LIMITLESS HORIZONS TO ENJOY A NEW JOURNEY.

Wherever you're going, whatever you're doing, you deserve the best: including top-class driveability, low fuel consumption and low emissions. The new Tipo 5Door gives you all this and more, with its extensive range of high-efficiency engines.

As well as bullet-proof reliability, the new Tipo 5Door brings you a wide range of Euro 6 petrol and diesel engines, with power outputs of 95 to 120 HP. Our 1.3- and 1.6-litre MultiJet II diesel engines offer outstandingly low fuel consumption and comfortable, fluid power delivery, wherever your road takes you.

YOU DON'T NEED TO CONTROL EVERYTHING TO HAVE EVERYTHING UNDER CONTROL.

With the new Tipo 5Door, style and functionality are part of the package: thanks to innovative Uconnect™ technology and advanced driver assistance systems that take the effort out of every trip.

Get behind the wheel of the new Tipo 5Door and you'll be struck by the ergonomics of the dashboard, which puts everything in easy reach and gives you a clear view of all the instruments - without taking your eyes off the road. Depending on the trim you choose, you get first-class infotainment from our Uconnect™ radio systems or Uconnect™ 5" and Uconnect™ 7" HD Live Tablet touchscreen systems, all with steering-wheel-mounted audio controls, Bluetooth® hands-free interface and USB/AUX-IN port.

You're always connected thanks to the Uconnect™ LIVE services available on the touchscreen radio, and you'll never worry about finding your way, thanks to the Tom Tom LIVE sat nav with 3D mapping.

When it comes to safety and functionality, the new Tipo 5Door has everything you could want, including 6 airbags, ABS, ESC with ASR/MSR, HBA, Hill Holder and advanced driver assistance systems. Such as the Full Brake Control System, which brakes the car automatically and progressively when it detects an obstacle. Or Adaptive Cruise Control*, which lets you set the speed you want, and then adapts it to traffic conditions. But that's not all: the new Tipo 5Doors is also equipped with a rain sensor, dusk sensor, parking sensor and rear-view camera to lend you a helping hand when you're parking.
