

TIP0

www.fiat.ee

THE NEW TIPO. YOU DON'T NEED MUCH TO GET A LOT.

Until now, if you wanted to have more, you had to give more. But the new Tipo changes all that, and rewrites the rules of logic, because it gives you a lot, without asking for anything more in return. Unbelievable? That's what you'll think when you see how much it has to offer.

Such as generous levels of comfort, functional technology with everything you need, and rugged, reliable engines. At last, you really don't need much to get what you want. Not with the new Tipo anyway.

Some cars major on style.

**THE TIPO MAJORS ON SUBSTANCE, BECAUSE IT'S SOLIDLY BUILT
AND HAS EVERYTHING YOU WANT FROM A CAR.**

What really strikes you about the new Tipo is its character: solid, reliable and authentic. Qualities that make your daily routine a whole lot less routine.

Streamlined contours offset the solid appearance of this compact saloon, and details like the Fiat badge on the grille, the purposeful styling of the front end, and the wrap-around bumpers, strike a perfect balance between elegance and robustness.

A wide-angle photograph of the front interior of a car. The seats are upholstered in a light beige or cream-colored fabric with vertical ribbing. The dashboard and center console are dark, with a digital display screen visible on the right. The steering wheel is also dark. The car's windows show a blurred view of a city street with buildings and trees. The overall lighting is bright and even.

Some cars are designed to carry your dreams.
**THE TIPO IS DESIGNED TO CARRY YOUR DREAMS,
PLUS FIVE PEOPLE, PLUS THEIR LUGGAGE.**

Size is one thing, but it's not until you're actually inside that you realise just how much the space in the Tipo has been designed around your needs, and how attractively functional it all is. In the new Tipo, there's a place for everything, and everything's in the right place.

TIPO - INTERIOR WITH BLACK AND GREY INTEGRATED FABRIC UPHOLSTERY.

LOUNGE - INTERIOR WITH ELECTRO-WELDED, GREY-MIX FABRIC UPHOLSTERY.

POP / EASY - INTERIOR WITH TEXTURED, TWO-TONE, DARK GREY FABRIC UPHOLSTERY.

POP / EASY - INTERIOR WITH TEXTURED, TWO-TONE, GREY FABRIC UPHOLSTERY.

Front armrest with storage compartment.

Central rear armrest with storage compartment and cup-holders.

All the comfort you need in just 4.54 metres of length. The new Tipo brings you class-leading habitability, with five comfortable, supportive seats, five upholstery options to choose from, and a wealth of storage

compartments for stowing everything you need when you're on the road. The ergonomics are first-class too, with all the controls right where you need them, and the option of an auto box for an even smoother drive.

The new Tipo also brings you an extremely generous 520 litres of boot space, shaped to accommodate even the bulkiest loads.

The wide-aperture boot gives you easy access when you're loading and unloading.

Some cars claim to bring you the technology of the future.
**THE TIPO ACTUALLY BRINGS YOU THE TECHNOLOGY
YOU NEED NOW.**

Simple and suitable for everyone, the technology on-board the new Tipo is your best travelling companion, on hand to give you what you need, when you need it. Such as a host of standard features, plus the innovative Uconnect™ option, with 5" colour touchscreen, hands-free

Bluetooth®, audio streaming, text reader and voice recognition, AUX and USB ports with iPod integration, steering wheel controls and TomTom sat nav. Smart solutions for drivers who want top-class functionality.

RAIN SENSOR

DUSK
SENSOR

PARKING SENSORS

CRUISE CONTROL

STEERING-WHEEL-
MOUNTED CONTROLS

With generous levels of safety equipment, including 6 airbags, ABS and an ESC system with ASR/MSR, HBA and Hill Holder, the new Tipo gives you complete peace of mind. It also features Cruise Control, so when the road conditions are right, just set the speed you want and relax. And when you get to where you're going, parking sensors give you a helping hand with manoeuvres. There's an array of

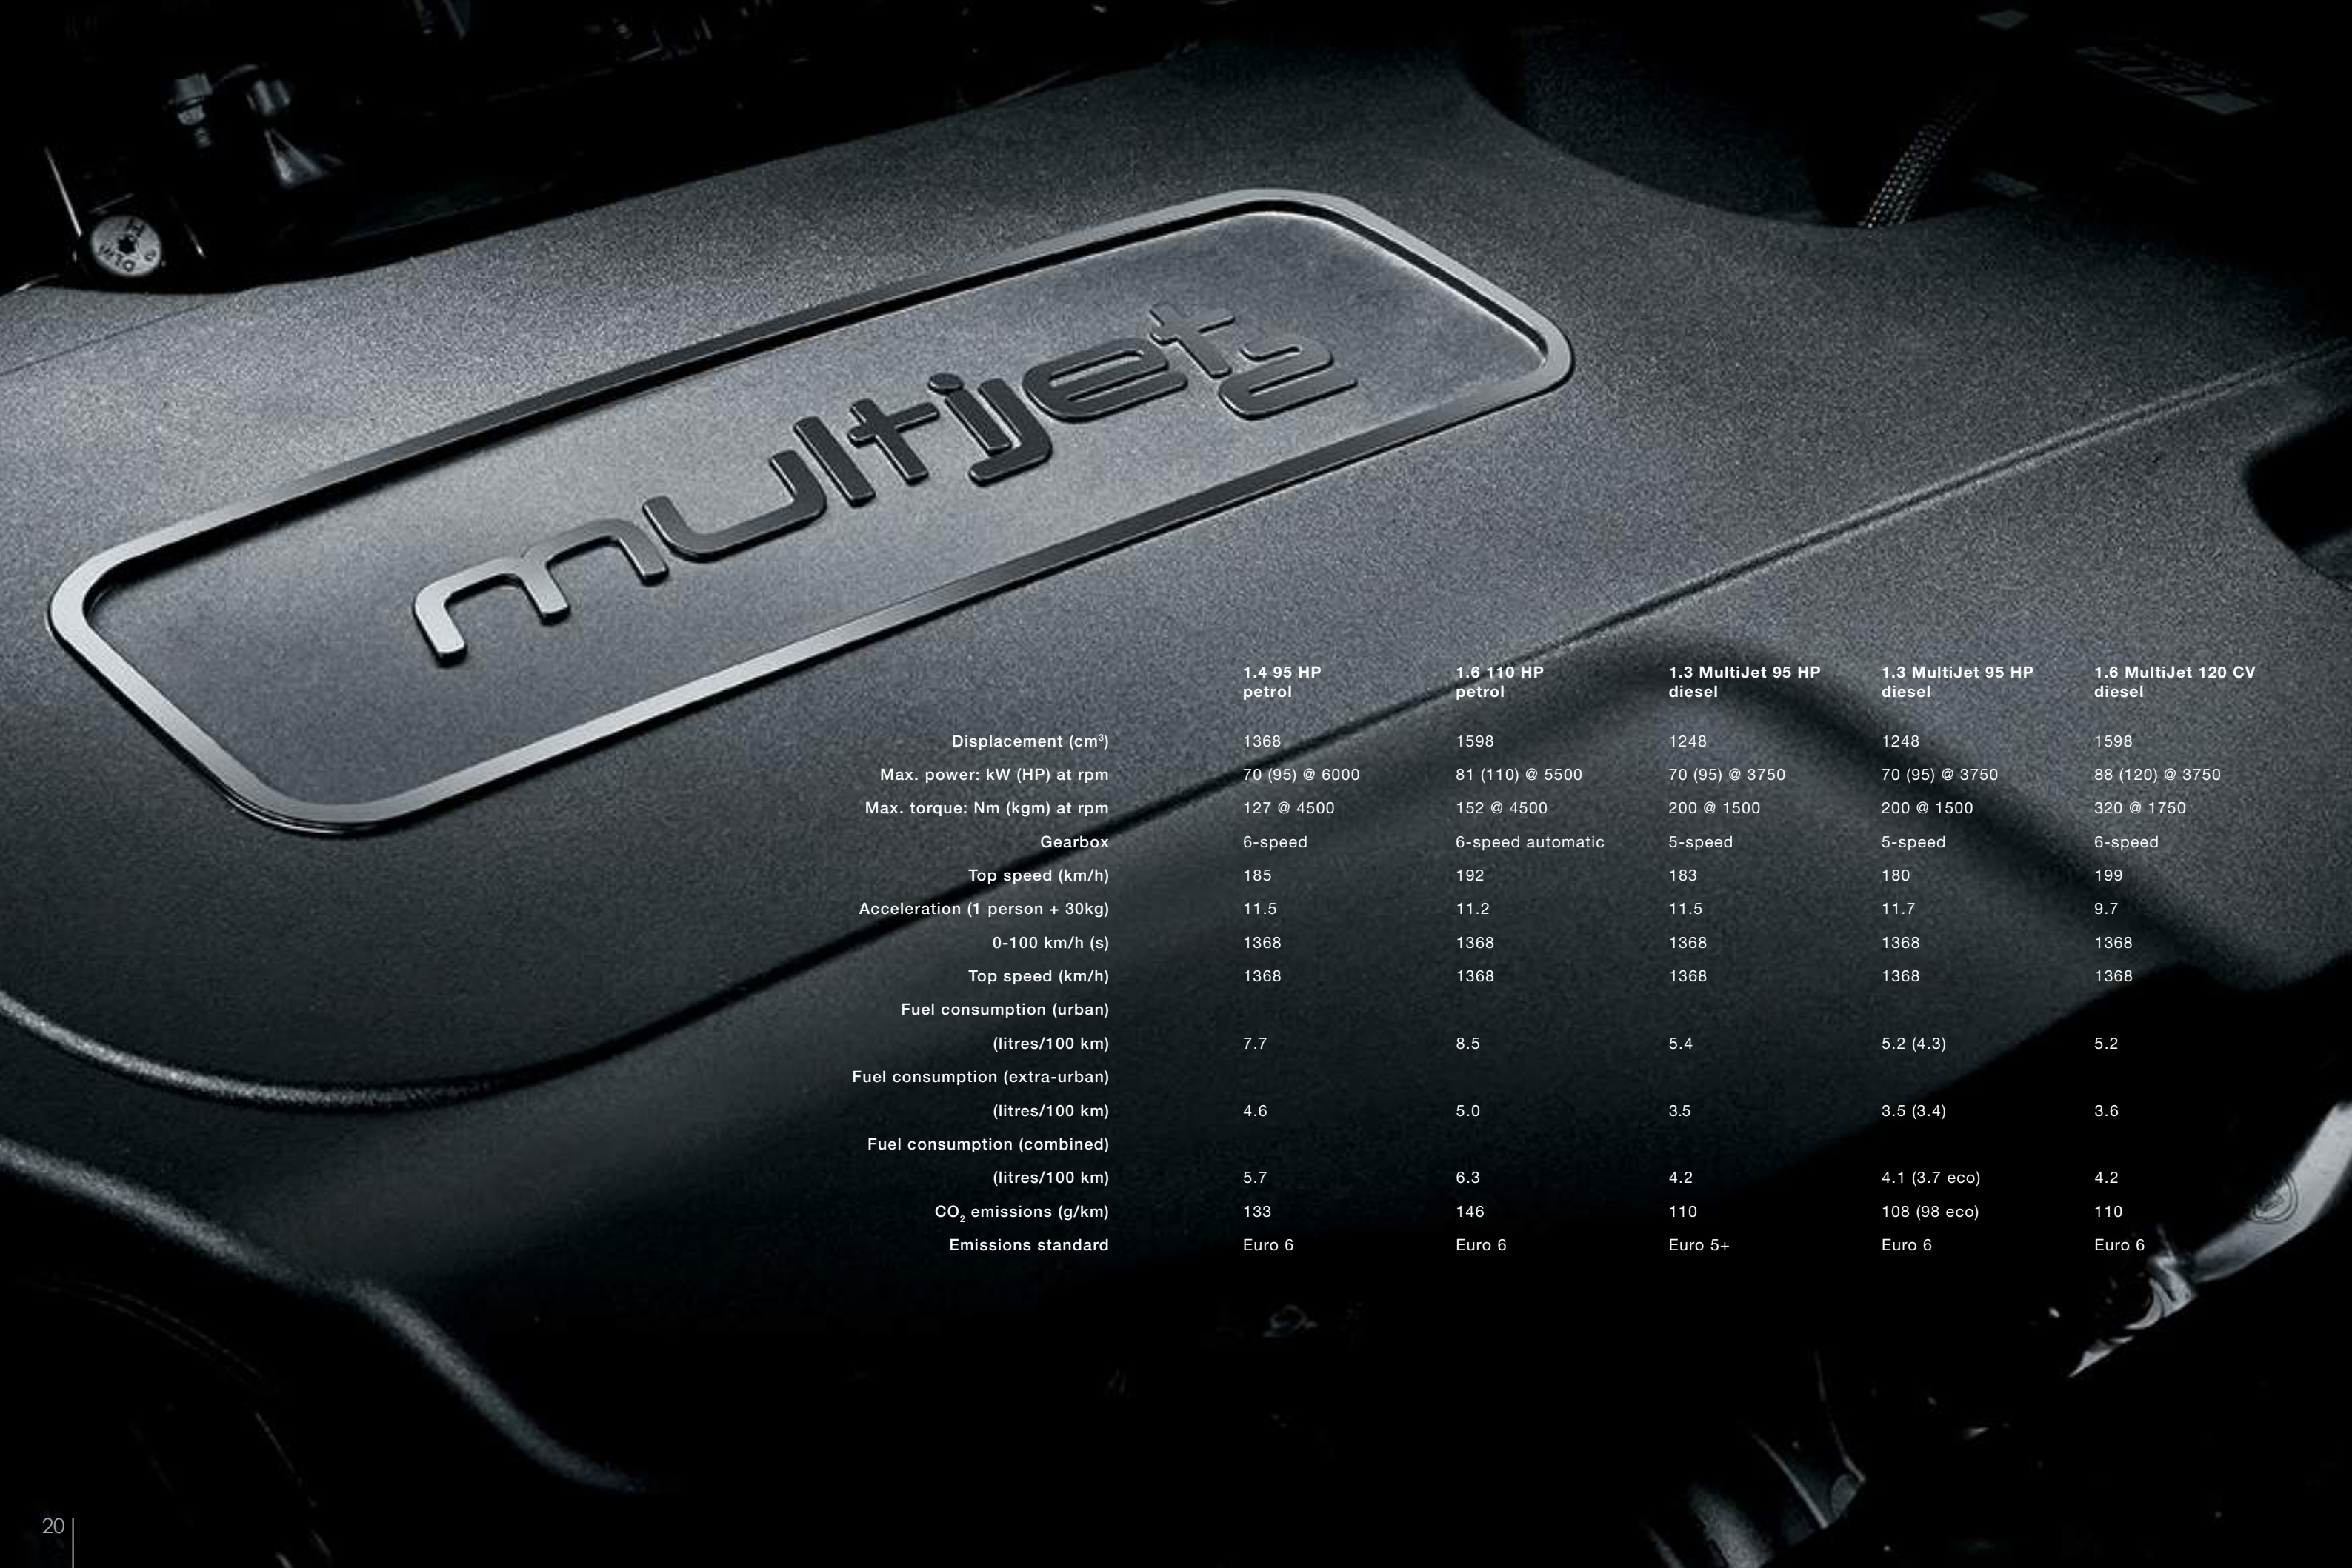

other smart sensors too, like the rain sensor, which switches on your wipers as soon as it starts raining, and the dusk sensor, which switches on your headlights when the daylight starts to fade. Everything is designed to add comfort to every trip.

Some cars promise to transport you to a fantastic world.
**THE TIPO TRANSPORTS YOU FANTASTICALLY EVERYWHERE,
EVEN TO THE ENDS OF THE EARTH.**

With the new Tipo's engines, you won't need to worry about nasty surprises. They're so rugged and reliable that they'll make light work of even the longest journeys. With two petrols (a 95 HP 1.4 and a

110 HP 1.6 with auto box) and two MultiJet II turbodiesels (a 95 HP 1.3 and a 120 HP 1.6), the engine range is economical, ecological and ready to deliver power fluidly and comfortably in every situation.
